**The Paediatric Pain Profile has been developed in the form of a parent-held record to help assess and monitor pain in children with severe to profound physical and learning disabilities. The tool can be viewed and downloaded free from the website: [www.ppprofile.org.uk](http://www.ppprofile.org.uk).**

Printed copies of the Paediatric Pain Profile are also available at £12.00 each (including postage in UK). Please use the attached form to order these.

Printed copies consist of

- ◆ Space to record pain history and assessments of children's current pain problems
- ◆ Pages for recording and graphing the Pain Profile scores
- ◆ A 50 page pad of ongoing assessment sheets (additional pads available at £4.00 each).
- ◆ A binder in display book format with additional pocket for pad.
